

Large scale emergency events are a fact of life;
facing them unprepared need not be.

Save Money – Save Recovery Time – Save Lives

BERT teaches practical responses to emergencies, including organization and deployment of large scale employee resources, use of buddy systems to maximize employee safety, and practical strategies for documenting situation and resource status for proper transition to First Responders.

“... preparedness is not a luxury; it is a cost of doing business in the post-9/11 world ...” 9/11 Commission Report

From the basics to advanced, BERT training courses equip your employees with the skills and tools they need should disaster strike.

- Introduction to Emergency Operations Management
- Incident Command System
